# Tech Tips - How to Find Recently Used Files

- *Did you know that you can set whether you see variable names or labels in IBM SPSS Statistics?*
- Users can go to the **File** menu and select **Recently Used Files**. Users can see the location and file names of recently used output and syntax files.

```
1 C:\Program Files\IBM\SPSS Statistics\Samples\English\msouttut.spv
2 C:\Program Files\IBM\SPSS Statistics\Samples\English\selectpred_customerdbase.sps
3 C:\Program Files\IBM\SPSS Statistics\Samples\English\naivebayes_customerdbase.sps
4 C:\Program Files\IBM\SPSS Statistics\Samples\English\Canonical correlation.sps
```
