# Tech Tips - Using the Search Tool

- *Did you know that you can quickly search through IBM SPSS Statistics to find the procedure you need?*
- Perhaps you installed an extension and need to access the dialogue box. There is a quick way to find it.
- Go to the toolbar at the top of your data file and look for a magnifying glass.

# Tech Tips - Using the Search Tool

- For example, say you installed the Text Analysis extension from the Extension Hub.
- To find the location of the extension, go to the **Search** tool (magnifying glass) and start typing 'Text Analysis'. The menu location will be listed. Double click on the location, and a dialogue will open. It's that easy!
