How to Quickly Import Excel Files

To transfer data from Excel to IBM SPSS Statistics quickly without copying and pasting, follow these steps:

- 1. **Click** File > Import Data > Excel.
- **2.** Locate your file.
- 3. Click Open.
- **4. Select settings** by checking the box to 'Read variable names from the first row of data' if applicable.
- 5. Click OK.
- You are now set to analyse your data in IBM SPSS Statistics.

Open Data				×
