

Add Background Images to Charts in IBM SPSS Statistics Version 31

Add Background Images to Charts

- To enhance the visual appeal of charts, users can add background images.
 1. This can be achieved by running the chart and double-clicking it to open the Chart Editor.
 2. Within the Chart Editor, users can click on the background and select the Properties Window
 3. Select Fill and Border
 4. Select Fill Image
 5. Users can then browse for the desired image and click Apply.

You can export charts with background images in formats such as .png, .jpg, .svg, .bmp, and .tif.
However, exporting charts with background images is not supported in the .eps format
