SPSS Statistics Version 31 Windows.exe 893.49 MB

Download

3. INSTALLING IBM SPSS STATISTICS VERSION 30

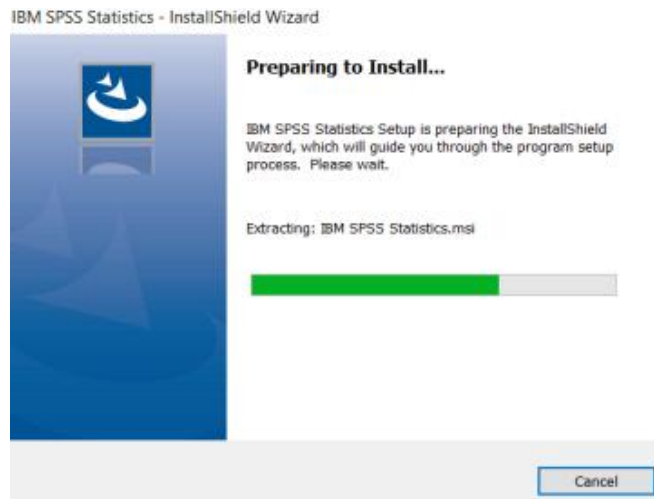

3.1. Download is Complete

Once the download is complete, follow the steps below: Right click and select "Run as Administrator". If you do not have permission to do this please get in touch with your internal IT team.

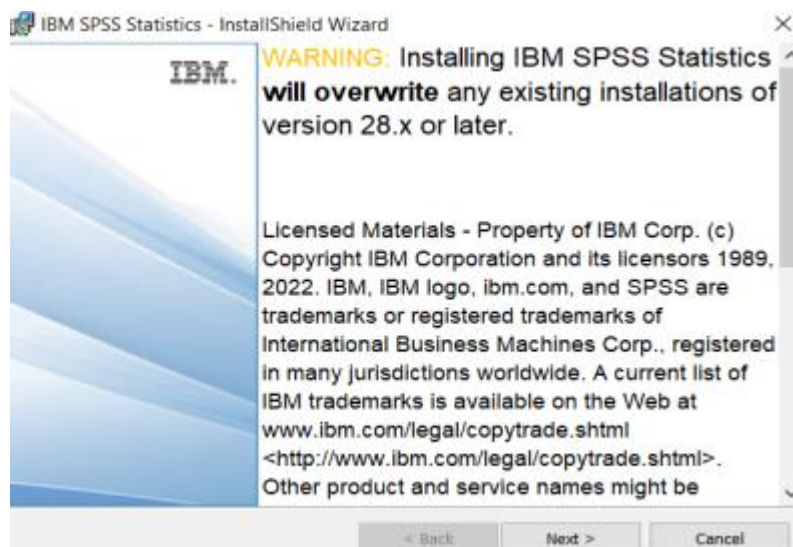

3.2. Preparing to Install

You will receive a message that SPSS is "Preparing to Install".

3.3. Overwriting Existing Installations

Note that you will receive a message that informs you that IBM SPSS Statistics will overwrite any existing installation. Click on "Next".

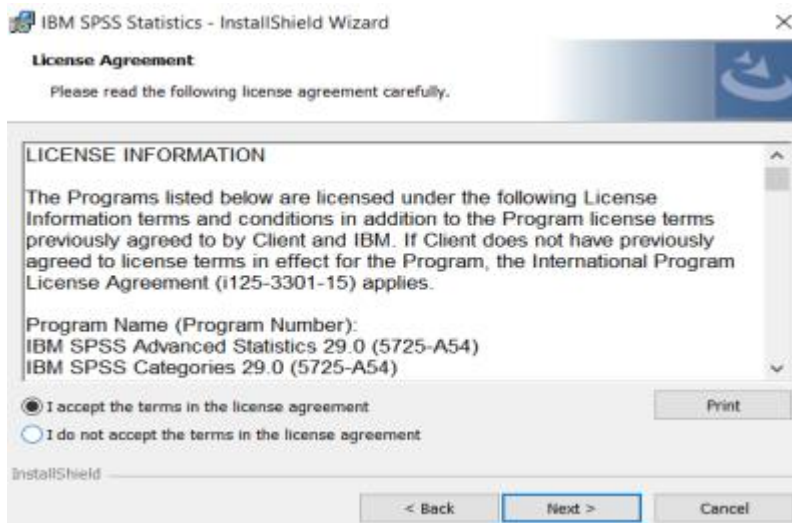

3.4. Proceeding with Installation

You will receive another message: "This IBM SPSS Statistics version will overwrite the existing version. If you want to continue using the existing version, rename the existing installation folder name before proceeding". Once you are ready to proceed with the installation click "Next".

3.5. Accepting the Terms

Read and confirm you accept the terms of the license and click "Next"

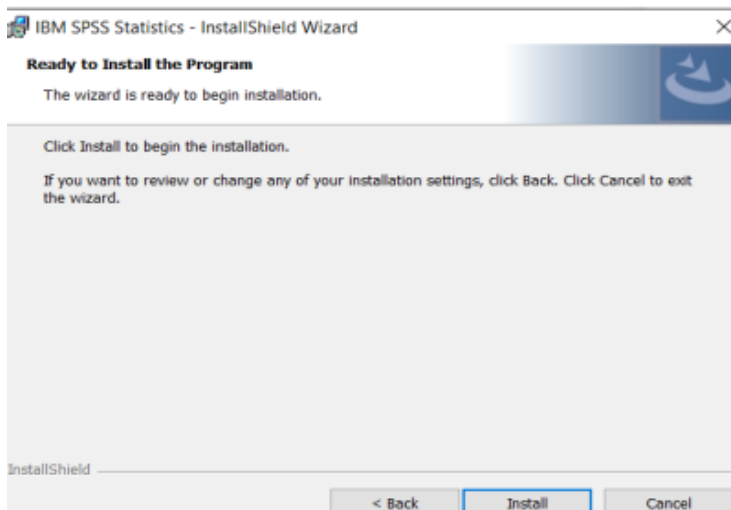

3.6. Destination Folder

Select the destination folder. You can select "Change" to select another installation location. Click on "Next".

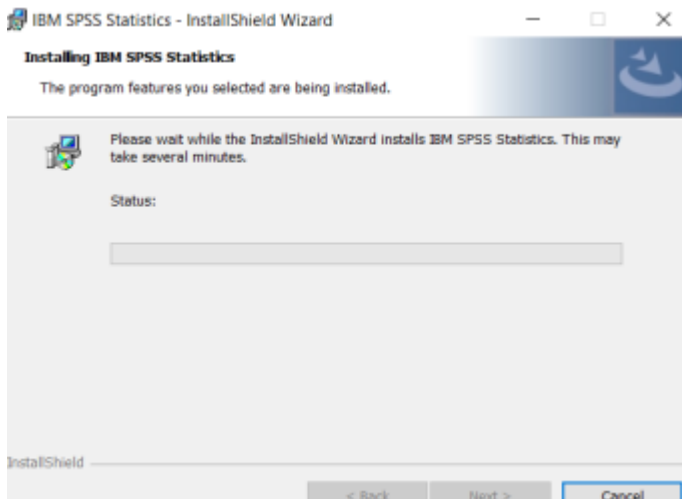

Installing

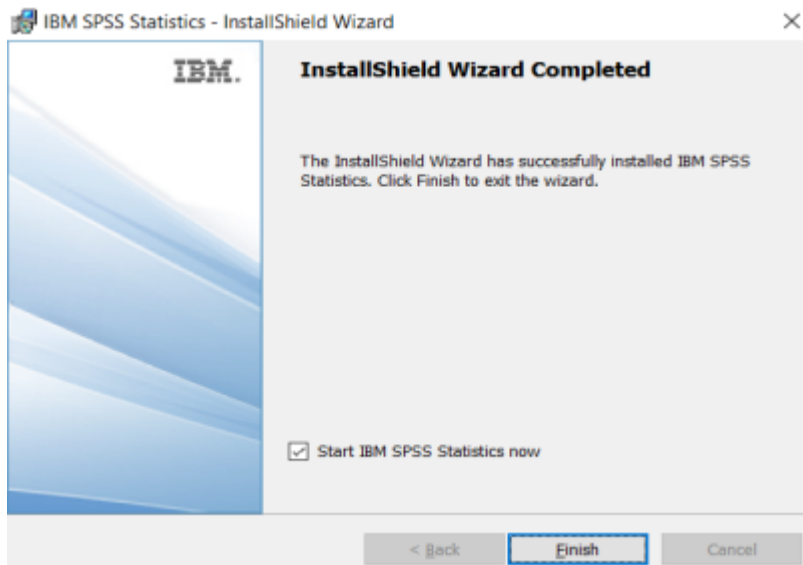

Click "Install"

You will receive a message that the software is installing.

You will receive a message that the installation was successful.

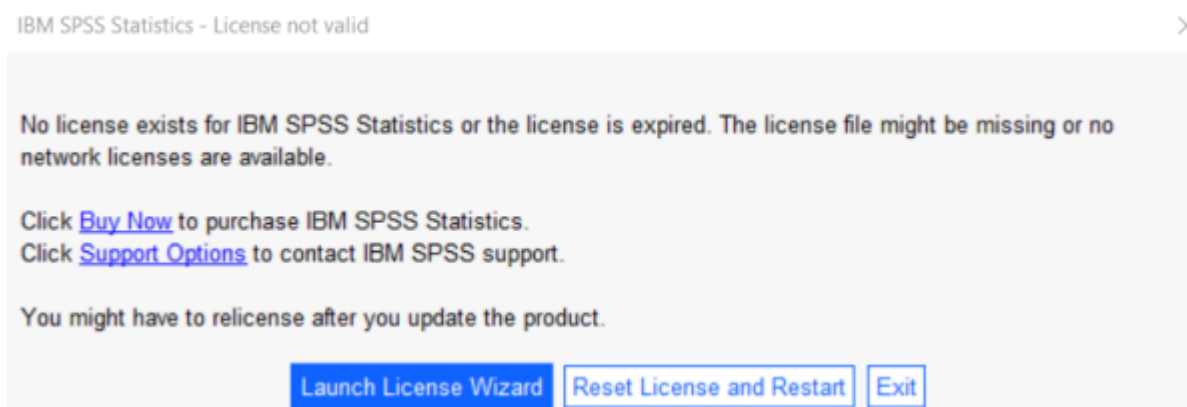

4. LICENSING YOUR IBM SPSS STATISTICS

IBM SPSS Statistics is licensed through the License Authorisation Wizard which can be opened in a number of ways:

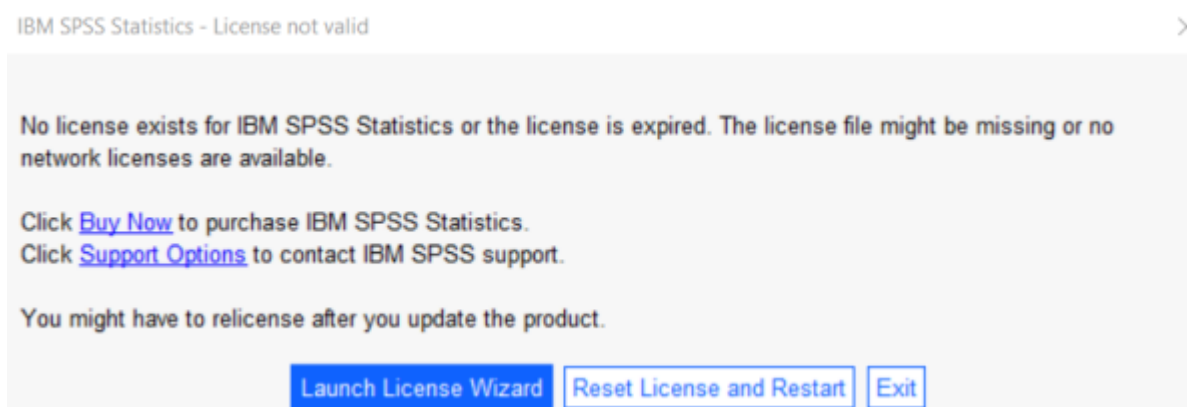

4.1. Starting Statistics Now

If you choose to “Start IBM SPSS Statistics now” by ticking the box in the last step you will get the screen below. Select “Launch License Wizard”.

4.2. Starting Statistics Later

If you choose not to start Statistics after installation and you open Statistics later, you will receive the same screen shown below. Select “Launch License Wizard”.

4.3. Authorisation

Then you will see the screen shown below. Select “Authorised User License” and “Next”.

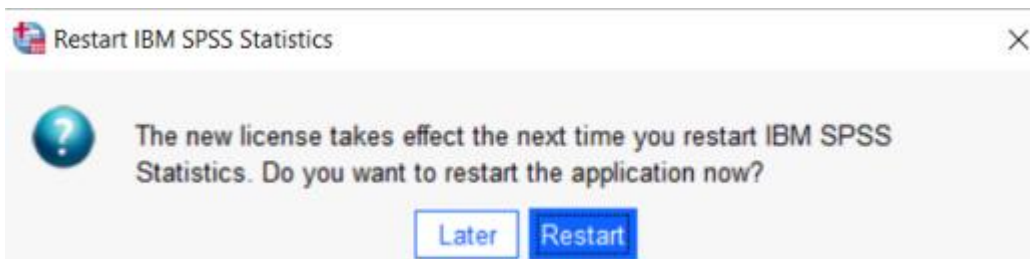

Please copy and paste your Authorisation Code in the “Enter Code” box and click “Add” and “Next”. if you have more than one code, you can click Add and enumerate them one by one.

You will receive a message that authorisation has succeeded.

Your IBM SPSS Statistics will now be fully licensed when you open it next. You can click 'Finish' and restart your computer for the licensing to be fully activated. You will then receive a message that states, "The new license takes effect that next time you restart IBM SPSS Statistics". You have the option to select "Later" or "Restart".

5. APPLYING FIX PACKS

You will want to ensure that you apply any necessary fix packs at the latest fix pack level. Fix packs can be downloaded at: [SPSS Customer Portal](#) | [SPSS Analytics Partner](#). Please ensure that you complete all pre-installation and post-installation tasks as described in the fix pack instructions.
