×

Your downloads are ready below.

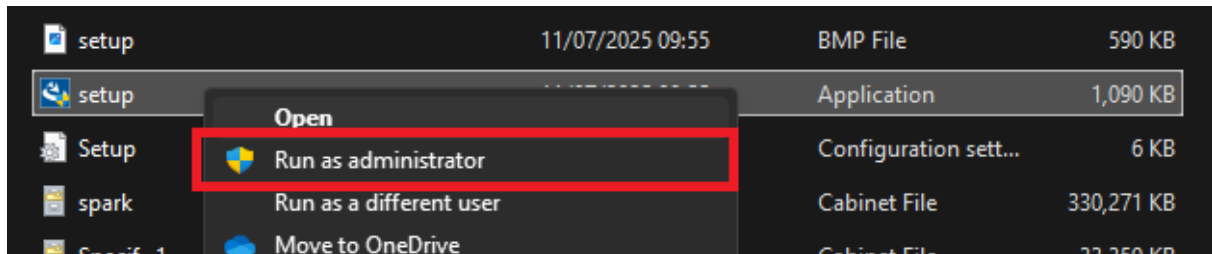

Modeler Professional Version 18.6 Windows.zip 2.57 GB

Download

3. INSTALLING IBM SPSS MODELER 18.6

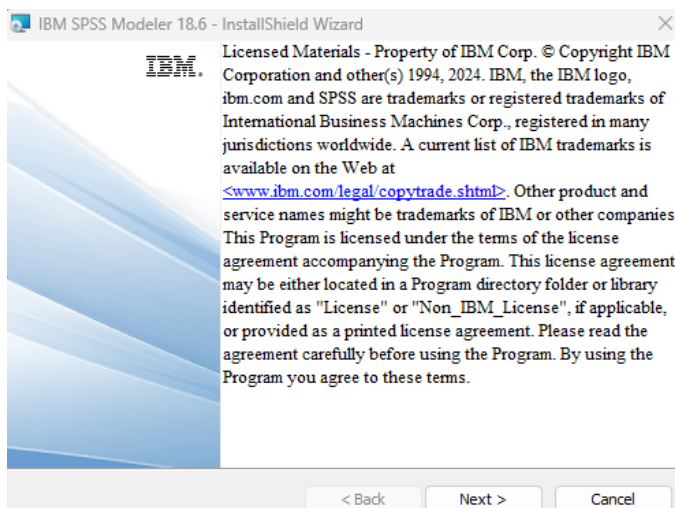

3.1. Download is Complete

Once the download is complete, follow the steps below: Right click and extract all. Open the win64 folder then right click the setup application and select "Run as Administrator". If you do not have permission to do this please get in touch with your internal IT team.

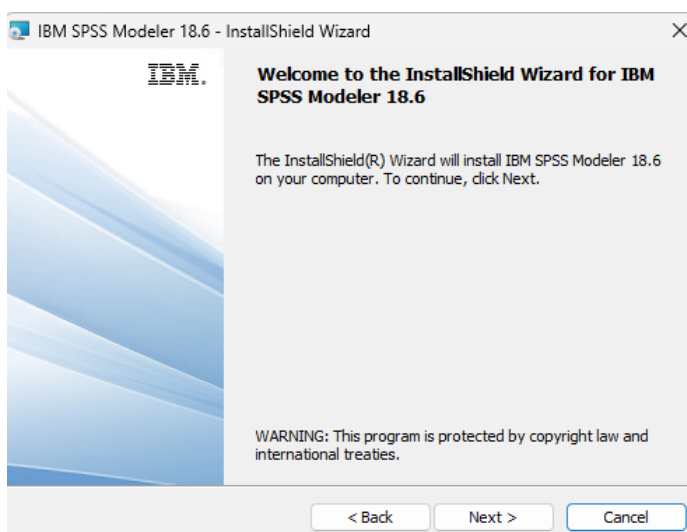

3.2. Installation of Modeler 18.6

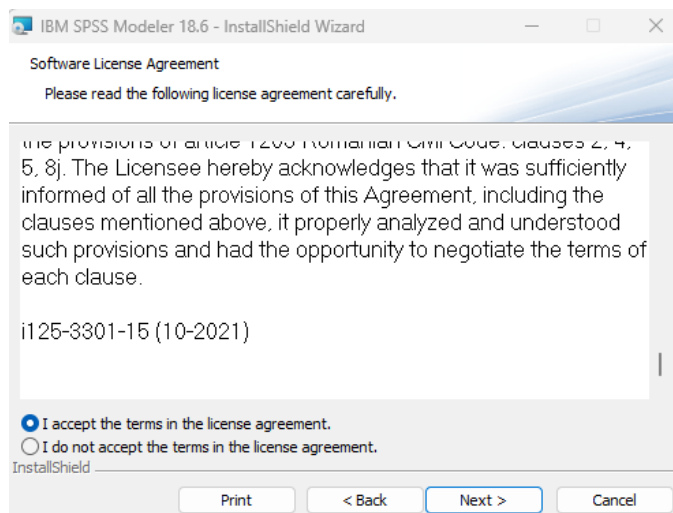

Follow the installation wizard steps.

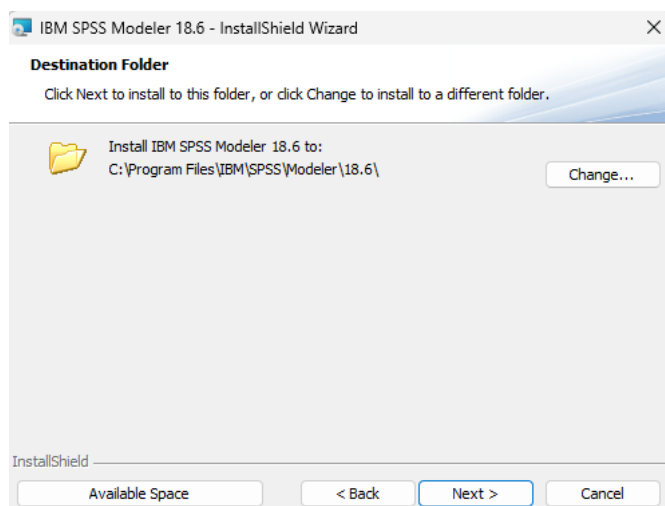

Click Next.

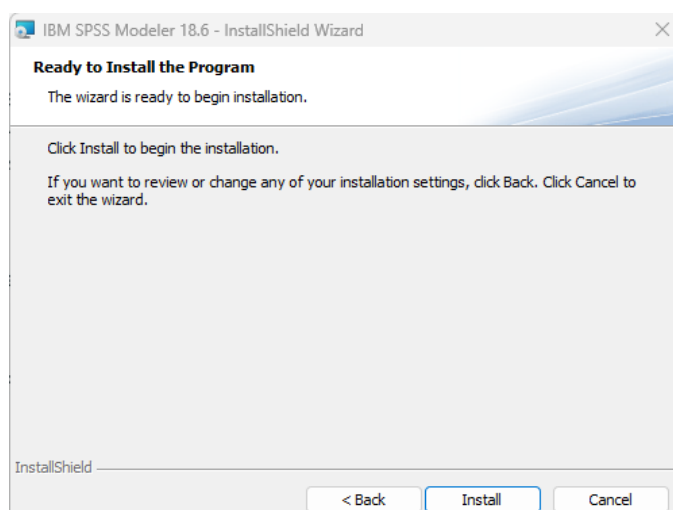

Click Next.

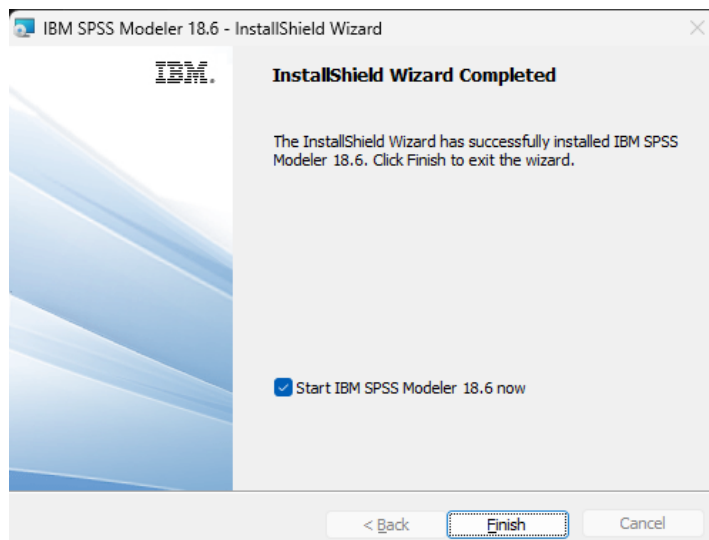

Read SLA and if you accept the terms click accept and then Next.

Chose Destination Folder.

Click Install.

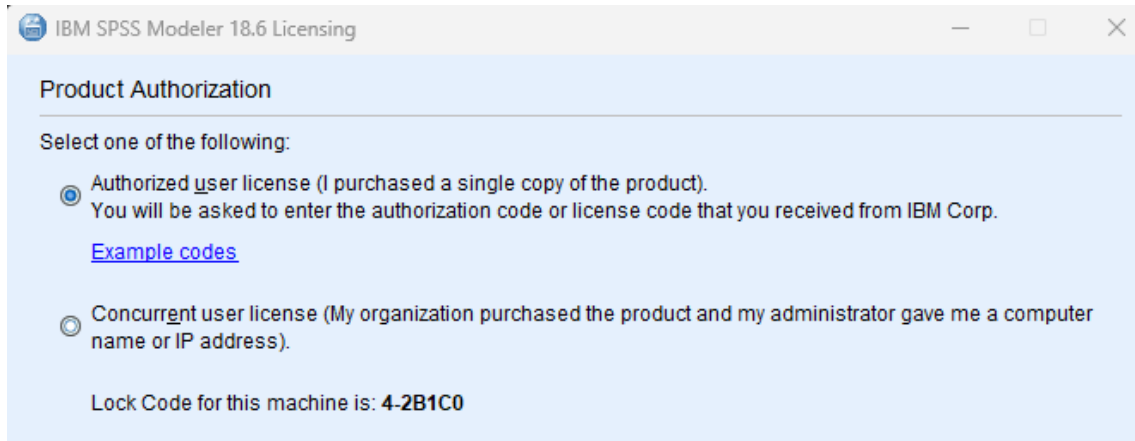

Once the installation has completed tick the Start IBM SPSS Modeler 18.6 now and click Finish.

****IF YOU ARE INSTALLING MODELER PREMIUM PLEASE SKIP TO STEP 5 (PAGE 11)****

4. LICENSING YOUR IBM SPSS MODELER

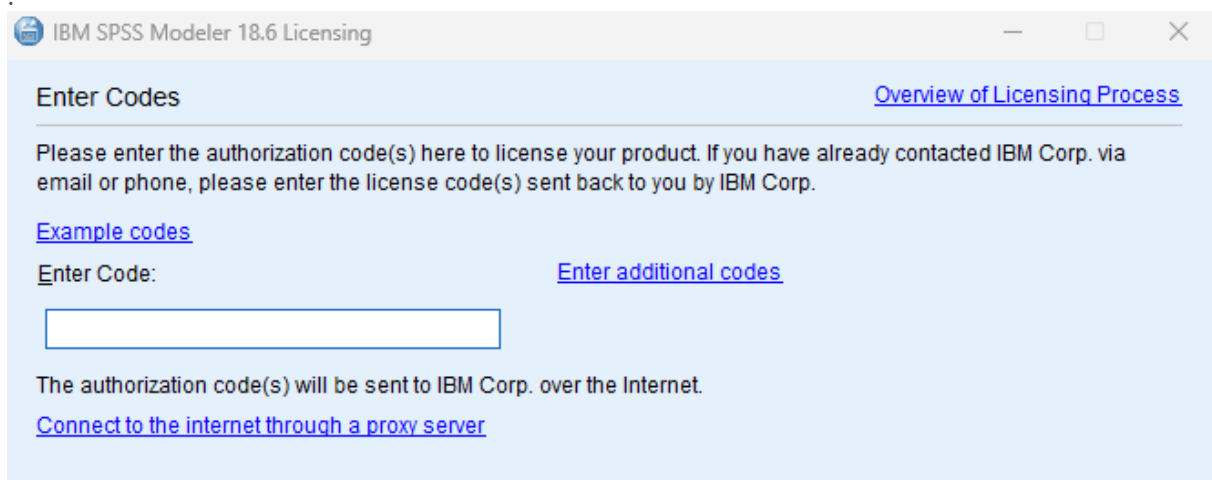

4.1. Starting Modeler

When you open the software for the first time you will need to apply your license via the License Authorisation Wizard. Please ensure you have **Admin rights and your Authorisation Code**, please choose 'Authorised User Licence' and 'Next'.

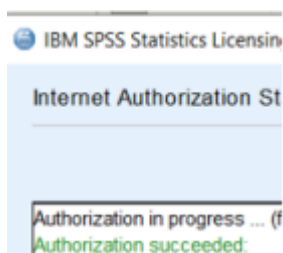

4.2. Add License Code to LAW

Please copy and paste your Authorisation Code into the space provided and click 'Next'

4.3. Authorisation

Then you will then see that the Authorisation was successful.

Your IBM SPSS Modeler will now be fully licensed when you open it next. You can click 'Finish' and restart your computer for the licensing to be fully activated. You will then receive a message that states, "The new license takes effect that next time you restart IBM SPSS Modeler". You have the option to select "Later" or "Restart".
