1. INTRODUCTION

These instructions are for installing the IBM SPSS Statistics 30 Site License for Windows desktop computers. A site license allows you to install IBM SPSS Statistics on as many computers as the number of licenses you purchased. You will need your authorisation code to be able to license the IBM SPSS Statistics Site License. To install, you must be logged on to your computer with administrator privileges.

2. DOWNLOADING IBM SPSS STATISTICS VERSION 30

2.1. Link to IBM SPSS Statistics

Please follow the link below to download the version of IBM SPSS Statistics:

[SPSS Customer Portal | SPSS Analytics Partner](#)

2.2. Operating System

Scroll down and select your Operating System

Pick Your Operating System:

Windows
Linux
Macos

2.3. Selecting Version 30

Expand IBM SPSS Statistics and Version 30. Select Software and SPSS Statistics Version 30 Windows.exe. Click Add.

IBM SPSS Statistics

2.5. Confirm License

Confirm that you have a license.

A dialog box with a title bar and a close button (X) in the top right corner. The main text reads: "Please confirm you have a licence." Below this, a smaller line of text says: "Please confirm you have been provided a licence for the software you are about to donwload. If you do not have a licence, please do let us know and we can help get you set-up." At the bottom, there are two buttons: "I have a license" (dark blue) and "I do not have a license" (light blue with a dark blue border).

Please confirm you have a licence.

Please confirm you have been provided a licence for the software you are about to donwload. If you do not have a licence, please do let us know and we can help get you set-up.

I have a license **I do not have a license**

2.6. Download is Ready

You will receive a message that your download(s) are ready. Click the Download button to download the software.

A dialog box with a title bar and a close button (X) in the top right corner. The main text reads: "Your downloads are ready below." Below this, there is a table with one row: "SPSS Statistics Version 30 Windows.exe" and "884.68 MB". To the right of the table is a "Download" button (dark blue).

Your downloads are ready below.

SPSS Statistics Version 30 Windows.exe	884.68 MB	Download
--	-----------	-----------------

3. INSTALLING IBM SPSS STATISTICS VERSION 30

3.1. Download is Complete

Once the download is complete, follow the steps below: Right click and select "Run as Administrator" if possible.

3.2. Preparing to Install

You will receive a message that SPSS is "Preparing to Install".

3.3. Overwriting Existing Installations

Note that you will receive a message that informs you that IBM SPSS Statistics will overwrite any existing installation. Click on "Next".

3.4. Proceeding with Installation

You will receive another message: "This IBM SPSS Statistics version will overwrite the existing version. If you want to continue using the existing version, rename the existing installation folder name before proceeding". Once you are ready to proceed with the installation click "Next".

3.5. Accepting the Terms

Accept the terms of the license and click "Next".

3.6. Destination Folder

Select the destination folder. You can select "Change" to select another installation location. Click on "Next".

3.7. Installing

Click "Install"

You will receive a message that the software is installing.

You will receive a message that the installation was successful.

4. LICENSING YOUR IBM SPSS STATISTICS

IBM SPSS Statistics is licensed through the License Authorisation Wizard which can be opened in a number of ways:

4.1 Starting Statistics Now

If you choose to "Start IBM SPSS Statistics now" by ticking the box in the last step you will get the screen below. Select "Launch License Wizard".

4.2 Starting Statistics Later

If you choose not to start Statistics after installation and you open Statistics later, you will receive the same screen shown below. Select "Launch License Wizard".

4.3 Authorisation

Then you will see the screen shown below. Select "Authorised User License" and "Next".

Please copy and paste your Authorisation Code in the "Enter Code" box and click "Add" and "Next". if you have more than one code, you can click Add and enumerate them one by one.

Enter Codes

Enter your authorization code(s) here to license your product. If you have already contacted IBM via email or phone, please enter the license code(s) you received from IBM.

[Licensing Overview](#)
[Example Codes](#)

Enter Code:

You will receive a message that authorisation has succeeded.

Your IBM SPSS Statistics will now be fully licensed when you open it next. You can click 'Finish' and restart your computer for the licensing to be fully activated.

You will then receive a message that states, "The new license takes effect that next time you restart IBM SPSS Statistics". You have the option to select "Later" or "Restart".

5. APPLYING FIX PACKS

You will want to ensure that you apply any necessary fix packs at the latest fix pack level. Fix packs can be downloaded at: [SPSS Customer Portal | SPSS Analytics Partner](#).

Please ensure that you complete all pre-installation and post-installation tasks as described in the fix pack instructions.

6. FREQUENTLY ASKED QUESTIONS
